**FOR IMMEDIATE RELEASE**

## Closures on the Foothill Freeway (Interstate 210)

**Los Angeles** - The California Department of Transportation (Caltrans) will continue intermittent closures up to two lanes on eastbound I-210 Monday, June 29, through Friday, July 17, 2015, each night from 7 p.m. to 6 a.m. Scheduled closures are subject to change and/or cancellation.

The demolition and excavation of the existing median barrier will continue starting at the Ocean View Boulevard overcrossing in La Crescenta-Montrose to the Foothill Boulevard overcrossing in La Canada Flintridge. This is part of an ongoing paving and rehabilitation project along I-210.

Residents and local businesses located near the freeway may notice noise, vibrations and dust associated with construction activities. Noise levels will not exceed state and federal regulations. Water trucks will be used to minimize dust during working hours.

The nighttime closures are necessary to minimize traffic delays and provide a safe work zone for construction crews while working along the median barrier.

The contractor for this \$148.5 million project is Flatiron West, Inc., Santa Fe Springs, California. Construction signs and changeable message signs will be in place to alert motorists to construction activities and closures. Motorists should anticipate delays, plan ahead and use alternate routes. Caltrans appreciates your patience while we work to improve I-210. For additional information contact Jackie Beaver at (213) 897-7602 or [Jacqueline.beaver@dot.ca.gov](mailto:Jacqueline.beaver@dot.ca.gov). **Caltrans advised motorists to “Be Work Zone Alert.”**
